

### CERTIFICATE OF APPROPRIATENESS

**Application Date:** September 2, 2015

**Applicant:** Spencer Howard, Spencer Howard Design + Construction Management for Finial Orb Heights I LP, owner

**Property:** 711 Heights Boulevard, Lot 10, Block 261, Houston Heights Subdivision. The property includes a historic 1,408 square foot, one-story wood frame mixed use building and a detached garage situated on a 7,500 square foot (50' x 150') interior lot.

**Significance:** Contributing Bungalow mixed use structure, constructed circa 1920, located in the Houston Heights Historic District South.

**Proposal:** New Construction – Construct a rear one-story 1,400 square foot detached commercial building at the rear of the lot

- 29' wide, 48' deep, and 18'-9" to the ridge
- Clad with 3 ½" cementitious horizontal lap siding
- Wood single lite windows

See enclosed application materials and detailed project description on p. 5-13 for further details.

**Public Comment:** No public comment received at this time.

**Civic Association:** No comment received.

**Recommendation:** Approval

**HAHC Action:** -

**APPROVAL CRITERIA****NEW CONSTRUCTION IN A HISTORIC DISTRICT**

Sec. 33-242: HAHC shall issue a certificate of appropriateness for new construction in a historic district upon finding that the application satisfies the following criteria:

**S D NA****S - satisfies D - does not satisfy NA - not applicable**

- |                                     |                          |                                     |   |
|-------------------------------------|--------------------------|-------------------------------------|---|
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | (1) The new construction must match the typical setbacks of existing contributing structures in the historic district   |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | (2) The exterior features of new construction must be compatible with the exterior features of existing contributing structures in the historic district  |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | (3) The proportions of the new construction, including width and roofline, must be compatible with the typical proportions of existing contributing structures and objects in the historic district   |
| <input type="checkbox"/>            | <input type="checkbox"/> | <input checked="" type="checkbox"/> | (4) The height of the eaves of a new construction intended for use for residential purposes must not be taller than the typical height of the eaves of existing contributing structures used for residential purposes in the historic district; and |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | (5) The height of new construction intended for use for commercial purposes must not be taller than the typical height of the existing structures used for commercial purposes in the historic district.  |
